Project NextGen

Igniting change, uniting teams.

Introducing Maximo MAS

They're so similar, even we get confused. Welcome to MAS, it's replacing Maximo which will bring with it many improvements, without greatly changing how you interact with it. Take a look, get familiar.

Key Change

• Primarily a user interface change, you'll find MAS much easier to navigate your way around.

Tips

- Click Manage from the welcome screen to get started
- Hover over the menu on the left to open it

The full process will be uploaded to the knowledge hub, when available - scan here
